

Dear Oak Class parents,

First I'd like to start by wishing you all a Happy New Year and would like to say a massive thank you for my lovely gifts I received from you all. I hope you all managed to have a well-deserved, lovely and enjoyable Christmas break.

What can I say about the current situation we are all having to face?! It's such a shame we've had to start the school term like this and I was really looking forward to seeing you and all the children back. I completely understand that this is such a worrying time for all of us and you may feel anxious about any gaps your child will have in their learning. However, please remember that everyone up and down the country are all in the same boat and of course we will do as much as we possibly can to help our children continue to progress in their learning from home and on their return to school in the future. Your role as teacher is so important and I want to thank you all for stepping up and your continued support from home.

To get you started, I have attached a home learning pack for both English and Maths that you can use today and then this evening I will be sending home a newsletter with a range of home learning tasks for your child to complete at home for this week. You will be receiving an exercise book for your child to complete their home learning tasks in and further information on this will follow in due course.

Many thanks for all your support.

Miss Lee
