

Wednesday 24th February

LO To use words for sequencing

Look at the sequencing words below. When they are used at the beginning of a sentence they have a capital letter and a comma after them.

lastly	next
in the end	after that
secondly	finally
first	then

Add some more to this list if you can. Write the words on post its or a piece of paper so that you can investigate how they are used.

Move the words around so that you can see if it matters which order they go in. What have you found out?

LO To use verbs

Here are some verbs that could be used to write instructions. Pick some to use in sentences, make them bossy commands.

Mix

Pour

Peel

Chop

Grate

Shred

Cut
